I am directing my health care provider(s) and/or health care plan(s) to share my health information with Genentech. I authorize Genentech to use and share my health information about my treatment with Genentech medicine. This may include information about my diagnoses and prescriptions and health care plan benefits. I authorize my health information to be shared with Agents, affiliates and vendors who are assisting Genentech and my health care provider(s), health care entities, pharmacies and health plan(s) for the purpose of helping me apply for support programs and get my Genentech medicine, including:

- Understanding if I might be eligible for other types of coverage and financial assistance for my Genentech medicine
- Processing shipment of my Genentech medicine through a pharmacy
